

VALENTINE'S NIGHT

AT CARTER OBSERVATORY

TUESDAY
14 FEBRUARY 2012
6pm - 9:30pm

Celebrate your love under
Carter's stars!

We're open as usual on Valentine's
night, but our planetarium shows
will feature a bit of romance.

Snuggle up with your darling while
we take you on a journey to those
two very different planets, Venus
and Mars, and learn about the
romantic stories of constellations
in our skies.

Bring your loved one along and
receive a special Valentine's treat.

Cost:
\$18 adult / \$13 concession
Free entry to Star Pass holders
Recommended for adults only
